A Future for the Iberian Wolves

*Transboundary strict protection between Portugal and Spain***Friday 24 July 2026****18:00 – 19:00 (CEST) · Online****JOIN ON ZOOM** us02web.zoom.us/j/83217599762

Meeting ID: 832 1759 9762 · Passcode: 538171

PROGRAMME

18:00 · 5 min**Introduction & moderation**

Gaia Angelini — President, Green Impact

18:05**Rewilding Portugal**

The implementation of strict protection in Portugal, and the challenges it faces at national and transboundary level.

Fondo para la Protección del Lobo Ibérico (Spain)

The current legislative framework at national and regional level in Spain, and the next steps toward strict protection of the Iberian wolf.

18:50 · 3 + 10 min**Summary & Q&A**

Moderated by Zoltán Kun, Great Lakes Association

THE PROBLEM

A wolf protected in Portugal can be killed as soon as it crosses into Spain. The Iberian wolf (*Canis lupus signatus*) is a single shared population managed under two very different legal regimes — and without coordinated, transboundary protection, its future remains at risk on both sides of the border.

IN NUMBERS

1988Protected under Portuguese national law
— six years before EU law required it**1**Shared biological population split across
two national legal regimes***Iberian Wolf***Classified as Endangered in Portugal, yet
still huntable across the border**Green Impact ETS (Italy) · Rewilding Portugal · Fondo para la Protección del Lobo Ibérico (Spain)**
